

FLEXIBLE PROCUREMENT BASKET OPTIONS

L·A·S·E·R®

Purchase in Advance (PIA)

Purchase In Advance facilitates the purchase of all site volume prior to delivery for a 12 month supply period. The sum of all trades will be used to calculate the aggregate energy price. Pass through charges will be added to arrive at the delivered cost in pence per kilowatt hour.

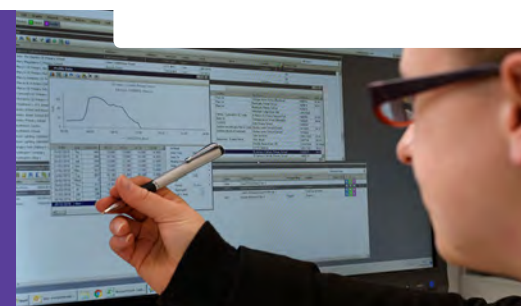

Above: Example of PIA market purchasing

Key elements to PIA:

- As one of the most popular basket options, PIA has a tried and tested performance strategy.
- This basket provides the customer with great market opportunity for aggregated energy savings.
- The PIA basket offers a fixed price for each delivery period with no reconciliation.
- Purchasing your energy in advance provides for greater budget certainty.
- Prices are identified at the start of each segment of the supply period.

How to access the framework... →

How to access the framework

Each LASER framework offers a bespoke, OJEU compliant process using service options tailored to suit our customers' requirements. To access your chosen framework, please contact us with the details listed below:

- Site name, address and postcode.
- Billing name address and postcode.
- Site contact and telephone number (for site visit and emergency contact).
- Billing contact and telephone number (for debt enquiries).
- Anticipated volume requirement per annum in kWh.
- Half Hourly (HH) data if HH electricity sites included.
- Current contractual arrangements.
- Current contract end date.

If the start-up date does not coincide with an October anniversary then a bridging contract may be put in place through to the next anniversary.

About LASER

Kent County Council (KCC) is the 'Contracting Authority' and Central Purchasing Body (CPB) for gas and electricity framework contracts operated by LASER, as specified in the Public Contract Regulations 2015. As such, other public sector bodies are able to use the contracts in place without having to run separate tender processes. LASER contracts are procured through OJEU compliant tender processes and our expertise and insight into public sector requirements allows us to deliver a valuable service to our customers.

Additional Basket Options

- Purchase Within Period (PWP)
- Flex Set and Re-Set (FSAR)

Additional Frameworks

- LED Lighting Fixtures & Fittings
- Water Procurement
- Meter Operations
- Biomass Chips
- Liquid Fuels
- Fuel Cards

All contracts arranged by
LASER
